1. Introduction

Gramayan Pratishthan organizes various initiatives to support social service institutions and promote community development. These initiatives include project visits, exhibitions, workshops, and fast-track institutional assessments.

The 2nd Abhyuday Seva Pradarshan – 2025 was organized in CSR partnership with Birewar Foundation. The exhibition was conducted to provide a platform for social service institutions to showcase their work, connect with society, and receive expert guidance.

The event aimed to strengthen the social sector by encouraging collaboration among service institutions, volunteers, professionals, and the general public.

2. Event Overview

The exhibition was organized at Tatya Tope Hall, Nagpur, from 12 to 14 November 2025.

A total of 62 service institutions from Maharashtra and Rajasthan participated in the exhibition. These institutions work in various sectors such as:

- Education
- Rural Development
- Health Services
- Women Empowerment
- Environmental Protection
- Social Welfare

More than 10,000 visitors attended the exhibition over the three days.

3. Special Features of the Exhibition

The Abhyuday Seva Pradarshan – 2025 included several unique features to support participating institutions and engage visitors:

- Free stall setup for participating service institutions
- Presence of institutional representatives to interact with visitors
- Inspirational speeches and guidance sessions through stage programs
- Participation of distinguished guests from political, social, and academic fields
- Opportunity for institution leaders to share their experiences and ideas
- Participation of students from social work colleges
- Students received opportunities to understand institutional work and select organizations for internships
- Institutions also got the opportunity to recruit students as volunteers
- Student competitions such as essay writing and reel making

- Attractive prizes for competition winners
- Separate stalls for social work colleges and the Students for Seva wing of ABVP
